

# Is there anyone for Tennis?

In their answers to the Parish Plan Household Questionnaire Survey in 2008, more than 370 people in Horspath said that they supported the plans for two hard tennis courts for use by Horspath residents. That survey was anonymous, so we have no list of names, but now that plans are being made by Horspath Village Sports Association to apply for grants for these tennis courts, we will need a list of names of all those boys and girls, men and women, of all abilities, who want to form a Horspath Tennis Club as part of this Sports Association and to start playing tennis in the village.

No one is pretending that anyone from Horspath will soon be playing here against Anna Kournikova or Roger Federer, but the *first* step is to find out who *wants* to play tennis here, who *can* play tennis already, and if there are any tennis coaches living in the village, and then form a friendly club to apply for the grants to help to pay for building the courts. If we are going to do it, we must now make a start!

If **YOU** are interested in starting a Horspath Tennis Club, please contact the Horspath Village Sports Association Chairman, Chris Goss, and let him have your contact details, by replying to him through this website to: [webmaster@horspath.org.uk](mailto:webmaster@horspath.org.uk)
